

Host a Diaper Drive

"Providing disposable diapers for a family in need means giving a child a healthy start in life, and giving parents the ability to succeed."

If you or your group/organization would like to hold a Diaper Drive to benefit the Lighthouse Diaper Bank Program, please contact our office.

We'd be happy to help you coordinate your event to help local families in need.

Lighthouse Counseling and Family Resource Center

- ❖ 1 in 2 families struggle to afford diapers for their children.
- ❖ Families are often forced to make a choice between diapers and other basic needs such as food, utilities, or even rent.
- ❖ Families struggling with diaper need may experience more tension and depression. Babies growing up in these environments have a lower chance to develop cognitive abilities and language skills.
- ❖ Most child care centers require parents to provide a one-day supply of disposable diapers. When parents run out, they are forced to withdraw their children from child care. Without proper child care, parents cannot work to support their families and cannot attend the schooling that will help them provide a stronger economic base for their families.
